1. Features

The Sitewards Cms Teaser adds a new Cms template with one column and a teaser in the header.

2. Requirements

2.1. Hardware

The same requirements as for Magento apply.

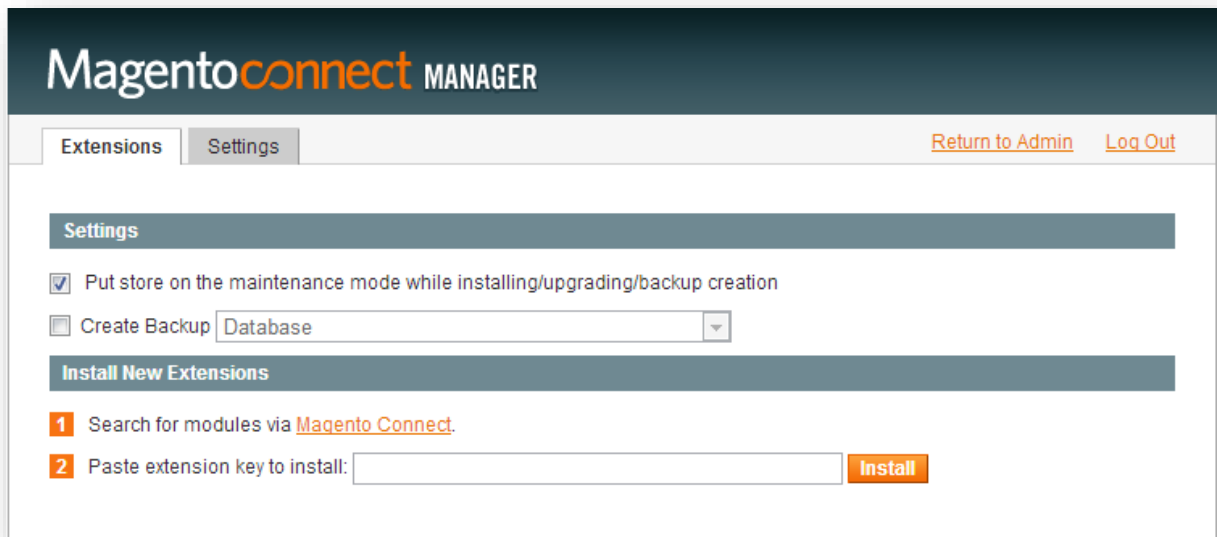

2.2. Software

Magento 1.4.0.1 or higher

PHP 5.3 or higher

3. Installation

Sitewards Cms Teaser can be downloaded with Magento Connect. In the backend of your site go to System → Magento Connect → Magento Connect Manager. Now log in with an administrator account.

In the “Extensions” tab you find the section “Install New Extensions”. Here you can paste Sitewards Cms Teaser extension key. You can find it at:

[add new link here](#)

Here select “Install Now”, choose your Magento Connect version and copy the key. Paste the key and proceed to install.

4. Configuration

The new template can be found at “Design” → “Layout” when adding a new static page.
